N25 has been a favorite to all that have stopped by Jay's place. He is stout made, good hiped and level topped. He is big boned and structurally sound. He is moderate framed and has a great disposition. He will add pounds to your calf crop and pounds equals money in your pocket. Be sure to check him out.

This January bull calf is a stout made son of KAD Mile High, Simmental division winner at the 2022 Utah Cattlemen's Bull Sale. This young bull is backed by maternal power with plenty of rib and the running gear to impress. H5B, the mother to N51 has become one of our top donors, she delivers every spring and weans a big calf all while maintaining a nice udder and good cover. Bid with confidence knowing he will deliver the same consistency.

Hold onto your hats boys, because things are gonna get exciting. From the time Double Mint was born at 76# to a gorgeously uddered first calf heifer, he has surpassed every expectation from a first calver. With Double Up, Bankroll, and Pays to Believe lining his pedigree, it's no surprise he was born for greatness, but when combined with individual performance that is scale breaking, stars align for profit. Your wife and banker will surely smile along with you. Halter broke and gentle as a kitten.

It is with regret and exuberance that Top Hat Farms offers M310K. His sire, TPHT El Jefe K450G, one of TPHT Rumba G450A's best sons, was destined to headline our herd bull lineup until his unexpected early demise. M310K was his only calf. A proud, elite herd bull prospect that never disappoints regardless of angle of view. K310 goes back to our powerful Excellence donor owned with Gonsiors, NE. Balanced from end to end, with power every commercial cowman can appreciate, while still presenting with an EPD profile that suggests calving ease, growth in calves, milk in replacement females, and phenotype that transcends normalcy. Being a summer born '24 calf, this one can handle a few more cows in the pasture.
